

General information about library use

Registration and lending

In order to borrow media and use other library services, students don't have to register in the library. You are already registered as a library user with your matriculation. The use of the library is free.

The loan period for borrowed books is 4 weeks. This period can be extended 15 times. You can borrow a maximum of 50 books.

Please note that late-issued books will cause reminder fees. The reminders will be sent to your student email address.

Copying and printing

Before you can copy or print, you need to activate your Thoska card on the copier. Then you can load money on the card at the charger. The device only accepts € 5 or € 10 bills.
